## Summer 2022

We all crave what is beyond the everyday. The new, the exciting, the unordinary. Where we don't just pass the time, we forget it even exists. This is our chance to reboot. Where fun is the great enabler, and now is all that matters. This is the adventure we live for. To seek out the places where we grow.

*GROW FORWARD*

### About Us

The Adventure Group represents the best activities and things to do in Whistler, British Columbia. Our philosophy is simple: we believe in delivering high-quality experiences that are fun, safe and convenient for our guests. By offering a collection of activities in one place, we know that we are the most convenient way to book your Whistler excursions. Our team loves sharing the wonderful, natural playground we get to experience every day!

The Adventure Group loves organizing unique group experiences, specializing in custom adventure tours and team building itineraries. Our team has over 20 years of experience in listening, designing itineraries and exceeding expectations, and have hosted thousands of corporate groups, family reunions, staff parties, stags and team building events in Whistler. Take your idea of what Whistler can offer to new heights – there really is something for everyone!

### **Engagements**

Maybe you thought there was a chance this day might come, or maybe you knew definitively from day one, but either way the decision has now been made to pop the question. Now it's just a matter of how you want to do it, and how you can make it special in a way that the two of you will remember forever. With a unique area in the magical backcountry wilderness of Whistler, it makes for an original setting for one of the most memorable occasions of your life. By combining your favourite adventure activity with your proposal, your heart will be racing with adrenaline one way or another. For all activities, we offer private experiences to ensure the perfect moment is undisturbed and goes exactly as you envisioned. Our team is very flexible and accommodating to customize your experience in any way you can dream up, so just let us know what you're picturing and we can work to make it happen. We can help you coordinating having a photographer there to capture the moment, a bottle of champagne ready for celebrations, or even bring in catering and custom décor. This is a moment that deserves to be made extra special, so you can tell the most amazing story of how it happened to your grandchildren many years later.

### **Weddings**

Celebrate your shared passion for the outdoors by having your big day at a one of a kind backcountry venue that gives you and your loved ones the intimate experience you desire. Our large courtyard area features multiple fire pits and atmospheric overhead string lighting that produces a warm environment for your ceremony and reception. The open outdoor area can welcome large guest lists, so you don't have to choose which is your favourite third cousin. We have full washroom facilities and can work with any event rental company to accommodate your needs for the day. Our team will worry about all the small details so all you have to worry about is connecting with each other. Begin your journey together by setting the tone for the lifetime of adventure that lies ahead.

### **Bachelor/Bachelorette Parties**

Send your friend off to marriage in style with an experience that won't be forgotten. Our team of adventure experts can plan a comprehensive itinerary that matches your needs, your interests, your timeline and your budget. This is the most important responsibility of the best man or maid of honour, so let us help you create the perfect memory so you can tell stories about it for years to come. Fancy dress is welcomed if that's part of your vision, so get creative and bring your best costumes - we'll happily snap a few photos on your phone to mark the occasion. With lots of activities to choose from, we can put together a full day of excursions, or even a whole weekend if you want to do it all! Private tours and custom experiences are available to ensure you get exactly what you're looking for.

### **Family Groups**

If you're planning a family gathering and need to please a wide range of interests, you've come to the right place. Your entire extended family can experience the freedom of getting off the beaten track, right here in Whistler. From high speed ziplines or rushing whitewater rapids to serene calming snowshoe walks, we've got something for everyone. If you want to create a special experience by adding a backcountry picnic or making it an exclusive experience our team of experts can construct customized adventures tailored just for you. Mix together exploration, laughter and maybe even some self-discovery to make your own version of summer camp a reality. From youth pricing to combo tours and even a seniors discount, we put an emphasis on value for all ages so you can create memories that will last a lifetime. The magical multimedia night walk Vallea Lumina in particular is suitable for all ages, and the wonderfully imaginative audio visual spectacle will give everyone smiles from ear to ear and make you feel like a kid again.

## **Corporate Groups**

Change it up from Zoom meetings and experience the benefits of in-person team building. Build trust and connection among your team, translating to increased job satisfaction and high quality work output upon returning to the office. There's just no replacement for bonding face to face and getting to know your team on a personal level. You'll also realize the considerable mental benefits of being in the outdoors to reset the mind and produce optimal performance. Mental health is a more important factor than ever in the new work from home environment that isolates team members, and we can help you take a proactive step to counteract the monotony and cabin fever that can lead to frustrations. Leave the planning to us and we'll coordinate the perfect event, whether you have a couple hours between meetings or a full day to play. By engaging in dynamic & stimulating team-building activities, you will be boosting morale, increasing productivity and fostering active and healthy relationships. Nowhere else in Whistler do you have so many team-building opportunities and chances to develop as an organization.

## **Filming**

Our year-round backcountry location at Cougar Mountain offers the perfect shooting location for your next project. The vast tenure features coastal rainforest with panoramic views of mountains and glaciers, and a network of off-road trails that access several stunning vantage points. We can provide transportation for all your crew and equipment to remote areas in order to make filming as easy as possible. Whether you just need the forest setting as a backdrop, or want to feature adventure activities like ziplining or RZR's, our team can service your needs.
